BALKAN SITUATION IS HOLDING STAGE CENTER

Paris Claims Continued Progress by the French Offensive, But Says the Germans Are Keeping Up A Heavy Bombardment in the Artois District—Bulgaria is Said to be Moving on Serbia and Also Toward the Greek Frontier—German Gains Toward the Greek Frontier by Russian Gains in Other Sections—There are Conflicting Statements as to the Dardanelles Operations—Bulgaria May Send Ultimatum to Romania Demanding Passage of Arms to Turkey—Lansing Sees Bernstorff.

[By Associated Press.]

London, Oct. 2.—New progress in the French offensive is reported by the Paris War Office, while the political situation in the Balkans continues to attract attention.

Bulgaria is reported to be moving her forces on the Greek border as well as on Serbia.

The situation on the Eastern front is little changed. Yudenich gains near Ovinak seem to be offset by reported progress of the Russians in the central sections, where it is admitted they are on the offensive.

Contradicting British success announcements, Constantinople declares the British offensive was a failure, although the British outnumbered the Turks four to one.

There is a heavy bombardment in the Artois district by the Germans, says the French announcement, but the French continue to make progress.

ULTIMATUM TO ROMANIA.

[By Associated Press.]
London, Oct.—(Bulletin).—An Am-

sterdam telegram says Austria is about to send an ultimatum to Roumania demanding free passage of munitions through Roumania to Turkey.

tional banks in the city. This would leave \$135,000,000 to be taken and it was his opinion that Saturday would see the entire amount placed.

The books would be left open, in all probability, for several days. Midwestern and Western banks are yet to be heard from and the wants of some of these remain to be ascertained.

In the pouring rain on the curb outside the stock exchange the bonds were bought and sold Friday for the first time by any stock dealing association. At the close of the market they were quoted at 97 1/4 to 98. Dealings, it was said yesterday, totaled about \$75,000.

The books will be open for subscription to the general public probably October 15.

The banking firm of Kuhn, Loeb & Company will not help to float the credit loan to Great Britain and France because it has been unable to obtain assurances that Russia will not be defaulted thereby. Jacob H. Schiff, senior member of the firm, so asserted Friday in the first formal statement he has issued on the subject.

Brownsville, Tex., Oct. 2.—A report that Luis de la Rosa, known as "the brains of the Texas revolution," was ambushed and killed by deputies, was made today by army officers at Mission. De la Rosa is still on the Mexican side alive and plotting, according to General Nahrath's report today.

"Do you believe that there is really something which can invariably tell when a man is lying?"
"I know it."

"And perhaps you have seen one of the instruments?"
"Yes, one? I married one!"—Honoré.

"THE NAKED TRUTH."

George Kleine, importer of "The Naked Truth," "Antony and Cleopatra," "The Last Days of Pompeii," and others of the greatest moving picture spectacles ever presented to the American public, has scored another triumph with "The Naked Truth," a beautiful five-part subject scheduled to appear at the Queen Theatre tonight.

Although absolutely different in plot and execution from the above mentioned productions, this splendid film has been acclaimed by press and public as their equal in every way. "The

Naked Truth" pictured life in imperial Rome. "The Naked Truth" shows us the no less romantic life of modern Paris, with its gay crowds, pleasure, its romance-laden Latin Quarter and its magnificent salons.

The leading role in "The Naked Truth," that of Lolita, an artist's model, is taken by Miss Leda Burdell, known on the continent as the most beautiful actress in all Europe. Her work was a revelation to the American critics who viewed the production when it was presented at the new Candler Theatre, New York, last summer. It is safe to say that a more striking exhibition of dramatic talent never has been made in moving pictures, even in those days when the leading lights of the legitimate stage have turned to the silent screen. Miss Burdell, like graceful and noble of features, runs the entire gamut of human emotions in her work in "The Naked Truth." Her portrayal of the character Lolita has to high rank among the leading actresses of the world.

"The Naked Truth" combines in its makeup all the elements of the motion picture masterpiece. Acting of the highest order, lavish production, excellent photography, and—above all—a grippingly human story, make it a subject of superlative merit and universal appeal.

Don't fail to see this wonderful masterpiece tonight and watch for Marie Dressler in "Little's Tomato Surprise."
